Thank you for your request for information which we received on February 22nd 2024. I am pleased to confirm the following via the attached document.

I have a question regarding some works which were being conducted today (22/2/2024) around 8.30am at the back of the Physiotherapy building of the hospital (next to the child development centre). There is a footpath which runs past the building, and someone was banging on the floor tiles and working around the door area.

(3) Was there any breach of asbestos due to the works observed on 22/2/2024 and if so have you reported this to HSE.
