FOI - 009 - A&E Attendances for Assault

Question	Comments	Response
To calculate the level of assault- related injury in England and Wales we also require the total number of attendances for any reason in the year of interest, i.e. 2019.	Included are the total attendances to Milton Keynes University Hospitals Type 1 A&E Department in calendar year 2023.	92,568
Question		Comments

The data we require are as follows (for period 1st January 2023 and 31st December 2023) in an electronic format that allows us to read the data into a database. Many hospitals respond to our survey and provide data in the form we require. Preferably this format is in an excel file or comma separated text file.

We require the gender of the patient (M or F), the date that they attended due to assault (dd/mm/yyyy) and their age. Age can either be numerical to the nearest year (preferred) or in age bands ("0-10", "11-17", "18-30", "31-50", "51+"), we can also accept date of birth.

Included below are the number of attendances in Milton Keynes University Hospital's A&E Department where the patient was recorded as having an injury intent of 'Apparent assault' in calendar year 2023.
