Request under Freedom of Information Act 2000

Thank you for your request for information which we received on Monday 9 June 2025. I am pleased to confirm the following.

Number of Manufacturer/supplier Safety Alerts on Medical Equipment for the Last 5 Years, with yearly breakdown

Safety alerts relate to all safety alerts (excluding those related to medications). We do not categorise specifically as equipment related & to filter out would require a timely manual review of each one

Number of Manufacturer/supplier Cybersecurity Alerts on Medical Equipment for the last 5 years, with yearly breakdown

We do not have cybersecurity related to medical equipment as a category. From recollection there has been one in the past 12 months

Number of incidents involving Medical Equipment for the last 5 years, with yearly breakdown

Incidents pulled from Datix relate to medical equipment only. When we moved to radar we combined medical equipment & medical devices, so both are included. To filter out would require a timely review of each one.
