

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 09 January 2023.

I am pleased to confirm the following.

For the month of September 2022, please provide:

The number of patients discharged from Milton Keynes University Hospital between 7am and 9pm.

The number of patients discharged from Milton Keynes University Hospital between 9pm and 7am.

The number of patients discharged from Milton Keynes University Hospital between 9pm and 7am aged 80 and over.

The age of the five oldest patients discharged from Milton Keynes University Hospital between the hours of 9pm and 7am – this can be broken down to age brackets, such as 80-84, 85-90, etc.

Having reviewed this FOI request, we have concluded that this is not something that we can answer accurately. There are some cases when discharges need to be recorded retrospectively, however the time stamp in eCARE is recorded as the time the actual discharge was actioned in eCARE, instead of the retrospective time. This has led to some discharges being recorded as between 9pm and 7am, when they were earlier in the day.
