

LGBTQ+ History Month

Today we're introducing another Equality, Diversity and Inclusion lead at MKUH, Idrees Mohammed! Idrees is doing fabulous work with many of the staff networks here and we're looking forward to working with him in the future!

Idrees Mohammed

My name is Idrees, I am one of the two EDI leads at the trust, and by background, an academic researcher. I have taken an evangelist approach to my research and vocation regarding EDI. I am passionate about exploring intersectionalities agenda and working with all the staff networks.

In my research, I speak of building organic organisations, and being inclusive is key. I strongly believe that "Diversity is counting the numbers and Inclusion is making those numbers count."

I am working with the Ability, Women and Faith & Belief networks. We are also in the process of scoping out the Generation network linked to Age protected characteristics. I am looking forward to working with the Pride network and supporting the inclusive agenda and cultural/social development at MKUH.
