

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on Monday 12th February 2024. I am pleased to confirm the following.

Has Microsoft (or a third party on its behalf) carried out an audit of your Microsoft software assets in the last 8 years?

If so, what date did any such audits start and finish?

What is the corporate identity of the party carrying out the audit, e.g. Microsoft or the name of the third-party auditing company?

Did the audit identify any breaches of, underlicensing, or non-compliance with, your licensing conditions?

If so, were any incentives relating to such breaches or non-compliance given by Microsoft to encourage your organisation to move to Microsoft cloud subscription licences?

MKUH makes use of cloud office productivity software, therefore can only use software it's licenced for.
