

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on Friday 14th July 2023. I am pleased to confirm the following.

As a patient with an inherited cardiac condition (hypertrophic cardiomyopathy) I would like to establish what centres within the ICS would I be under the care of? I.e., what hospitals have a dedicated inherited cardiac conditions team. If they do not have a dedicated team or would not treat the condition where would patients be referred to? Specifically, would a local hospital manage drug treatment up until the stage of surgery (septal ablation or surgical myectomy)? If surgery is not offered where would the patient be referred to?

MKUH has a dedicated HCM clinic.

As a patient with an inherited cardiac condition (hypertrophic cardiomyopathy) I would like to establish what centres within the ICS would I be under the care of? I.e., what hospitals have a dedicated inherited cardiac conditions team.? If they do not have a dedicated team or would not treat the condition where would patients be referred to? Specifically, would a local hospital manage drug treatment up until the stage of surgery (septal ablation or surgical myectomy)? If surgery is not offered where would the patient be referred to?

Patients with HCM can be followed up here at MKUH with our Consultant Cardiologists.
