 1. I would like to know the amount of cases in A&E over the last year Jan 01 2019 - Dec 31st 2019, that have involved a person below the age of 10-years-old arriving in A&E at this trust due to having swallowed a foreign object. I would also like this information for the same request and timeframe for 2015, 2016, 2017 and 2018.
 Provided below are the number of patients aged below 10 years old who attended MKUH A&E between 1st Jan 2015 and 31st December 2019 with a chief complaint of having swallowed a foreign object. The data is split by Year Month, gender and age.

I would also like this data in a spreadsheet with cases broken down by date, location, age and gender, if possible. Also, if possible, what the object was that had been swallowed in each case.

Note: The presenting complaint prior to May 2018 was a free text field and hence the data is extracted using key words related to swallowing foreign object. However, after May 2018, we have specific codes that are used to identify a presenting complaint of swallowing a foreign object.
