

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on Friday 18th August 2023. I am pleased to confirm the following.

I would be grateful if you could tell me how many patients were treated by individual drug for Crohn's Disease, ulcerative colitis, plaque psoriasis, psoriatic arthritis, ankylosing spondylitis and rheumatoid arthritis in three months from the start of May 2023 to the end of July 2023 (or the latest available 3 months).

I have provided a grid of drug names and disease names requested in appendix A (below). Please fill in the grid with the numbers of patients (or forward in a format that best suits you) and include data for all hospitals in the organisation (question 1).

If data is unavailable for question 1 it would be helpful if you can provide the information at a department level (question 2).

Please see attached document.
