I am pleased to confirm the following.

1. The number of patient falls which have occurred in NHS hospitals within Milton Keynes Hospital NHS Foundation Trust for the years: 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, and 2018.

Please find attached.

In addition, could you also provide:

2. A breakdown of the number of these falls per hospital, by the years above.

Milton Keynes University Hospital is a single site Trust, therefore there is no breakdown of the information by hospitals in the Trust and all information can be found in the attached

a. A breakdown of the severity of these falls (e.g. low, medium, high)

Please find attached.

3. The number of patients who were never discharged after their fall - i.e. died before discharge.

The Trust does not record this information in a central location. To obtain this information would entail trawling through patient records which would exceed the appropriate time limit and require permission.
