Thank you for your request for information which we received on 12 June 2019.

I am pleased to confirm the following.

- 1. The percentage of patients who have died on the Trust's end-of-life care plan against the Trust's target for the number of patients who should die on this plan over the last three years, divided by the year.**
 - e.g. Between 1 January 2016 and 31 December 2016, 43 per cent of patients died on the plan against a target of 35 per cent.**
 - Note: If no such target exists, please make this clear.**

No target exists for the number or percentage of people who should die on an end of life care plan versus the numbers or percentage of people who do die on the end of life care plan within this Trust.

- 2. The amount received by the Trust, via the Commissioning for Quality and Innovation (CQUIN) system or similar, for hitting targets related to its end-of-life care plan for the last three years, divided by the year.**
 - e.g. Between 1 January 2016 and 31 December 2016, the Trust received £X via CQUIN for achieving goals**

No such payments have been made to the Trust.
