

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 08 August 2019.

I am pleased to confirm the following.

- 1. Could you please specify what equipment or services this funding has been spent on within your trust since the GDE programme came into action?**

MKUH is a Fast Follower and therefore awarded £5m. The programme is still live and therefore the final milestone payment has not yet been received, but of the money received to date we have spent:

Hardware/devices	£953,839	Workstations on Wheels, Drug Carts, Mobile Devices (iPads, iPods), Cerner compatible ECG machines, Bar Code Scanners, SmartCard Readers.
Software solutions & implementation costs	£1,576,894	Single Sign-On, PowerChart Touch, PowerECG, Enhanced PAS module (R-PAS), Perfect Ward Nursing Audit Tool, MDM Software for mobile devices.
Other	£405,646	Improved Data Storage & Cyber Security.

These costs relate only to the central capital funds. There has been no central revenue money received to date. The Trust match funding is not included as the question is specific to the what the central GDE funding has been spent on.

- 2. I would also like to know if there been any data breaches within your trust that have been down to IT services or digital equipment? If so, how many in the last 5 years?**

All potential breaches are reported on our Datix system. We have run a report and over the last 5 years there has been 5 incidents reported.
