

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 29 August 2019.

“The total number of inductions of labour carried out by Trust personnel under Trust auspices, and also the breakdown of this number by recorded clinical indication for induction of labour (For example, ‘[number] patients who had pre-eclampsia were induced’ and ‘[number] of patients over the age of 35 were induced’ etc.).”

The Trust does not hold this information in a readily accessible format. Following the implementation of an electronic patient record during 2018/19 the Trust has been managing some data quality issues relating to the maternity services data set. We would therefore be unable at the present time to provide an accurate response unless a thorough case note review was conducted.

You are advised that this information is provided in accordance with the Freedom of Information Act 2000 and is for your personal use. Any re-use of this information will be subject to copyright and the Re-Use of Public Sector Information Regulations (1st July 05) and authorisation from Milton Keynes Hospital NHS Foundation Trust will be required. In the event of any re-use, the information must be reproduced accurately and not used in a misleading manner.

If you are unhappy with the information received in response to this request, please address your complaint to the Patient Affairs Office at Milton Keynes Hospital NHS Foundation Trust, Standing Way, Eaglestone, Milton Keynes MK6 5LD. If, after exhausting our internal process, you are still unhappy with the information received, you may write to the Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF.

If you need any further assistance, please do not hesitate to contact us at the address above.

Yours sincerely,

Freedom Of Information Department
For and on behalf of Milton Keynes Hospital NHS Foundation Trust

Any re-use of this information will be subject to the
'Re-use of Public Sector Information Regulations' and best practice.
