## 724 - FOI - 5084 - NSCLC cancer chemotherapy

Questions	Performance & Info comments	Answer
<b>1. Within your health trust how many patients are currently [within the past 3 months] being treated with the following for Non-small cell lung cancer (NSCLC)</b>	The data provided is from September 2019 - November 2019.	
Afatinib	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	2
Alectinib	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Atezolizumab + bevacizumab + carboplatin + paclitaxel	We have provided the number of patients treated using <b>only</b> this chemotherapy combination drugs	0
Atezolizumab mono	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	2
Bevacizumab	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Brigatinib	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Ceritinib	We have provided the number of patients treated using <b>only</b> this chemotherapy combination drugs	0
Crizotinib	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	1
Dacomitinib	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Docetaxel monotherapy	We have provided the number of patients treated using <b>only</b> this chemotherapy combination drugs	0
Durvalumab	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	4

Erlotinib	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Gefitinib	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Gemcitabine	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Necitumumab	We have provided the number of patients treated using <b>only</b> this chemotherapy combination drugs	0
Nintedanib with docetaxel	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Nivolumab	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Osimertinib	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Paclitaxel	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Pembrolizumab chemo in combination	We have provided the number of patients treated using <b>only</b> this chemotherapy combination drugs	11
Pembrolizumab monotherapy	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	17
Pemetrexed	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Pemetrexed with carboplatin	We have provided the number of patients treated using <b>only</b> this chemotherapy combination drugs	0
Pemetrexed with cisplatin	We have provided the number of patients treated using <b>only</b> this chemotherapy combination drugs	0
Ramucirumab	We have provided the number of patients treated using <b>only</b> this chemotherapy drug	0
Vinorelbine and cisplatin / carboplatin	We have provided the number of patients treated using <b>only</b> this chemotherapy combination drugs	1
Other active systemic anti-cancer therapy	We have provided the number of patients treated with all other chemotherapy <b>other than the above listed drugs/combinations</b>	5
Palliative care	We are not able to provide this data without going through the patient notes
