Please see attached.

- (2) What proportion of staff in community services travelled by public transport, walking or by bicycle in 2019?**

Community services are provided by Central North West London Foundation Trust.

- (3) What was the spending on mileage for staff travelling by car in 2019 (please include spending on commute and spending on travel within shifts separately if possible)?**

233,945.61

- (4) What was the spending on mileage for staff travelling by public transport in 2019 (please include spending on commute and spending on travel within shifts separately if possible)?**

If staff have travelled by public transport, it's very difficult to get that information from the logs - everyone submits travel claims and they get recorded the same and we don't keep a record of how all the miles were travelled.
