

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 27 February 2020.

I am pleased to confirm the following.

Number of clinical staffs

Please see attached spreadsheet.

Demographics e.g. gender, age, race, sexuality, nationality, religion, disabilities, marital status, number of children.

To break down the clinical workforce to the level of demographics requested at specialty level would result in providing protected characteristics of many individuals who could be identified from their roles. We have been able to provide a breakdown by gender and age group within each Clinical Service Unit. Also, we have no knowledge of the number of children our staff have.

Specialty

Please see attached.

Formal leadership training experience

In the past two years 88 staff have completed formal leadership training.
