

***Request under Freedom of Information Act 2000***

Thank you for your request for information which we received on 28 January 2020.

I am pleased to confirm the following.

**Please could you tell me the cost of building the hospital to its present size. I appreciate that it was built in several phases and that not all are simple capacity increases. Also, that not all costs use the same baseline.**

This would be a difficult request to answer this with exact figures due to retention dates for these records. The information below will give you an approximate cost of the hospital buildings.

The current gross internal area for the site is now about 68,000 sq/m

The build costs for new builds around £10,000 m /sq and these would exclude the cost of Land, VAT, fees, Design costs, Equipment etc.
