3b After making enquiries the Directors of the Licensee have a reasonable expectation, subject to what is explained below, that the Licensee will have the Required Resources available to it after taking into account in particular (but without limitation) any distribution which might reasonably be expected to be declared or paid for the period of 12 months referred to in this certificate. **Statement of main factors taken into account in making the above declaration**

In making the above declaration, the main factors which have been taken into account by the Board of Directors are as follows:

The Trust performed better than its financial control total in 2019/20, continuing an excellent track record of achieving or doing better than its plan/control total in recent years. Although the Trust remains in deficit, the Board do not consider that this indicates non-compliance with condition G6 on the basis that the Trust took all such precautions as were necessary in order to comply with the conditions of the licence.

In respect of CoS7, the Trust has prepared its accounts on a going concern basis and has prepared a financial plan for 2020/21 that shows compliance with the Trust's control total set by regulators.
