

Wednesday 8th July 2020

Dear FOI officer

I would like to request the information on the attached sheet concerning the waste produced by the Trust from April 2019 to March 2020 inclusive. Having just completed your ERIC return, I do hope this proves to be a reasonably simple and non-time consuming exercise.

If the Trust has more than one hospital site, I would be grateful if you could provide data for each site, however Trust totals will provide a good understanding. I would prefer to receive these in electronic format at phil.steer@grundon.com, however, I am happy to receive them by post if that is more convenient.

It would be helpful if you were to provide any brief notes which might be necessary to understand the context of the information provided, although I recognise that you are not obliged to do this. If any of the questions require clarification, please do not hesitate to contact me at 01628 501599. If you are not the appropriate authority for this request, or for part of it, please let me know as soon as is convenient.

If easier, please use your ERIC return data for 2019-2020 to complete the questions below.

Name of Trust:	Milton Keynes University Hospital NHS Foundation Trust
Number of sites managed by the Trust:	1
In tonnes, how much general waste does the Trust produce per annum?	428.5
