

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 27 January 2021.

I am pleased to confirm the following.

- 1. What have you done in the past 2 years with regard to the NHS Improvement Model Health System?**
- 2. What is the scope of your roadmap for the coming 2 years for the NHS Improvement Model Health System?**
- 3. Have any third-parties been involved or are currently involved in the Model Health System work within your trust?**

We have not had any interaction to date with The Model Health System which is a new product. We have used The Model Hospital intermittently for benchmarking purposes, particularly at service level.

We have no road map per se, and no non-NHS third parties have been involved through us (although we are not the data controllers and others will have had access to our data).
