

## ***Request under Freedom of Information Act 2000***

Thank you for your request for information which we received on 23 March 2021.

- 1. In the 2018 calendar year were there any babies born at your hospitals where the weight of the baby was 12lbs (5443g) or more? If so, please state how many and what their birthweights were.**
- 2. In the 2019 calendar year were there any babies born at your hospitals where the weight of the baby was 12lbs (5443g) or more? If so, please state how many and what their birthweights were.**
- 3. In the 2020 calendar year were there any babies born at your hospitals where the weight of the baby was 12lbs (5443g) or more? If so, please state how many and what their birthweights were**

Unfortunately, we are not able to collate this information easily. We have approximately 3500 births per year. In order to fulfil this request, we would have to firstly collate a list for each of the years with identifiers for each woman who birthed at Milton Keynes. We would then need to access and search each record to identify the birth weight. Given we have 3500 deliveries per year and the request spans 3 years this equates to 10,500 records each of which would take about 3 minutes of time. This adds up to 175 hours for each year requested meaning a total of 525 hours of time therefore we cannot complete the request and is exempt under Section 12 – Exceeding the appropriate time limit.
