

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 21 June 2021.

I am pleased to confirm the following.

1. In that month, how many children and young people (CYP) aged 18 and under did you refer to CAMH services after they arrived in your emergency department(s)?
2. In that month, of these CYP in question one, how many were referred to CAMH services for treatment of a suspected or confirmed eating disorder? If helpful, please search against the ICD Code F50.0, which may be included in the referral.
3. In that month, how many CYP were admitted to or treated by your acute hospital trust for the following:
 - Treatment of an eating disorder, such as refeeding and medical stabilisation? If helpful, please search against the ICD Code F.50, which should cover all relevant eating disorder diagnoses.
 - Treatment of self-inflicted injury? If helpful, please search against ICD Codes X60 to X69.
 - Treatment of drug or other toxic substance overdose, whether accidental or intentional? If helpful, please search against ICD Codes X70 to X84.

FOI 5887 - CAMH Services Referrals					
Included below, in the "ED Referrals to CAMH Services" columns, are the number of attendances (aged 18 and under) to the MKUH Emergency Department that were referred to the Psychiatric speciality between 1st January 2019 and 31st May 2021, split by month. Also included are the number of these referrals where the patient had an ED diagnosis of an Eating Disorder.					
Included below, in the "Inpatients Admitted by Requested ICD10 Codes" columns, are the number of inpatient admissions discharged between 1st January 2019 and 30th April 2021 (aged 18 and under) where one of the requested ICD10 codes was coded to their inpatient admission. The ICD10 codes used can be found below. We are not able to provide data for May 2021 at this time as clinical coding for this month is not yet complete. Please note - we have used the ICD10 codes X60-69 for toxic substance overdose and the codes X70-X84 for intentional self harm, as per the "ICD10 codes" tab.					
Please note - patients that have more the one inpatient admission or ED attendance that fulfils the above criteria have been counted more than once.
