

## **Request under Freedom of Information Act 2000**

Thank you for your request for information which we received on 14 April 2021.

I am pleased to confirm the following.

- 1. How many people died in your hospital from COVID-19 alone, within 28 days of testing positive for COVID-19, between 1st December 2019 – 8<sup>th</sup> December 2020.**

The Trust records COVID-19 deaths as per the national guidance. The figure, and a description of the definition we are using, is published daily and can be found via the link below: <https://www.england.nhs.uk/statistics/statistical-work-areas/covid-19-daily-deaths/> The link to the Trust level data is available in the daily spreadsheet in the section titled 'COVID-19 all announced deaths'. We have also received advice from NHS England who have provided the link below: <https://coronavirus.data.gov.uk/details/deaths> Please note that we are providing these links under Section 21 of the FOI Act – 'Information reasonably accessible to the applicant via other means'.

To get the figures in the way in which you are seeking would entail a trawl of patient medical records and we exempt this under Section 40 "Personal Data"
