

The aim of this national project is to map dental GA delivery for paediatric patients across England. The timeframe of the data required in the following questionnaire should be one full year with an end date during 2019 (pre-COVID).

Data collected will be anonymised and will not be reported by service, hospital etc.

However, we do intend to use this data to map provision of services on a map of England.

Please type your responses directly in to the document below.

Would you please answer the following for any Dental General Anaesthetic (DGA) list you deliver:

1. Please confirm name, type of provider (NHS trust or CDS) and your Sustainability and Transformation Partnership, or Integrated Care service (if known).

*(type in the space below)*

Milton Keynes University hospital, NHS trust, STP = BLMK

2. What sort of lists do you provide? We want to know if they are

Extraction only

Comprehensive care only

**a. Please describe the approximate frequency of each per month**

*(type in the space below)*

Extraction/Exposure only

2 lists per week – no set Paediatric list

**b. What is the age range permitted on each type of list?**

*(type in the space below)*

3years and over

**c. What is the criteria for each list you provide eg purely due to special needs, or due to age/quantity of treatment/lack of co-operation etc**

*(type in the space below)*

We do not hold lists for children with special needs, these are held by Primary care – they have 1 list per week.

Our lists are compiled depending on type of procedure and length – each session is 4 hours with an average of 4 patients seen per list.

**3. If you provide dental care under GA via any other method eg extraction case at the end of an adult list, we would be like you to briefly describe these as well.**

*(type in the space below)*

Children are always put at the beginning of a list.

**4. What is the approximate number of children seen in 1 year across all the DGA lists you deliver (end date in 2019).**

*(type in the space below)*

Data regarding general anaesthetics is not available in the warehouse as this is not clinically coded.

**5. Who plans each type of GA list you provide (eg Paediatric Specialist, Paediatric Consultant, Special Needs Specialist, Senior Dental officer etc.)**

*(type in the space below)*

Admissions Co-ordinator

**6. Who actually carries out each list (eg Paediatric Specialist, Paediatric Consultant, Special Needs Specialist, Senior Dental officer etc.)**

*(type in the space below)*

Consultant or speciality Doctor
