

## ***Request under Freedom of Information Act 2000***

Thank you for your request for information which we received on 06 August 2021.

I am pleased to confirm the following.

**1. Does your trust use any AI software within radiology? If so could you please specify programme and its application?**

Brainomix E-Stroke Suite for Stroke analysis on CT head scans  
Canon AiCE upscaling of all CT images  
Medcurrent OrderWise Clinical Decision Support - integrates requesting guidelines into our Order Comms system, Cerner Millenium.  
Several other pending trials starting later this month

**2. If you use AI software within radiology - how often do/would you update, upgrade or swap them?**

Depends on the system. We have a mixture of procurement pathways

**3. What is the decision-making criteria of choosing which AI software to use?**

Trail/audit first, present finding to steering group, procurement if successful

**4. Do you make purchasing decision on your own and if not, what are the other stakeholders involved?**

No. AI Steering Group, which feeds into Clinical Advisory Group. Both their approval is sought before going on to procure software.
