FOI 5960 - 52 Week Waiters

Questions	Notes/Comments
<p>1. Please could you provide a breakdown of the number of patients who have waited over 52 weeks for elective treatment at your Trust by:</p> <p>i. Ethnicity ii. Whether or not English is their first language iii. Whether or not they have a learning disability</p>	<p>Provided below is a breakdown of patients waiting at 52 weeks and above on 1st July 2021 (The latest validated monthly position), by ethnicity. The descriptions for ethnicity are taken from the NHS Data Dictionary, the NHS reporting standard. Please note that the number of patients is different to the nationally reported number of 403 as there were two patients with two different treatment pathways.</p> <p>Please note, we are unable to provide first language as this data is not available in our data warehouse.</p> <p>Lastly, we are unable to identify patients with a learning disability as this is completed through clinical coding, after the patient has been treated.</p>
