

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 24 June 2021.

I am pleased to confirm the following.

1. How many Hospitals Acquired Infections (HAI) have there been in the last 2 years

2019-20 – 44
2018-19 - 53

2. What are the types of HAIs?

MSSA
CDI
E. coli
MRSA

3. What is the cost per HAI?

The cost of treating HCAI is estimated by NHSE – it is not something we hold locally as it is generated from national data.

4. What would be a reasonable cost per room for disinfection?

£10

5. How long does it take to turn over a room?

1x staff member–40mins ie.2x staff–20 minutes

6. What percentage of surfaces get disinfected during a room turnover?

The lowest undersides of bedframes are not always fully accessible without being mechanically lifted.

7. What log reduction is expected for surface disinfection?

We do not measure log reduction as we do not use cleaning equipment that necessitates the use of it.
