

***Request under Freedom of Information Act 2000***

Thank you for your request for information which we received on 26 May 2021.

I am pleased to confirm the following.

**We are collating data on services provided to BAME women and staff in your healthcare trust. Attached is information that we ask that you make available to us?**

**1. What services do you provide for BAME women in the antenatal period?**

There are no specific services for BAME women in the antenatal period.

**2. What services do you provide for BAME women in Labour?**

There are no specific services for BAME women in labour

**3. What services do you provide for BAME women in the postnatal period?**

There are no specific services for BAME women in the postnatal period

**4. Do you caseload or offer continuity of care for vulnerable BAME women**

We provide caseloading for women. There are 5 caseloading teams and they work in the areas with the highest deprivation index.

**5. Do you offer Vitamin D supplementation or advise pregnant women to take them?**

All pregnant women are advised to take 10 µg of Vitamin D a day

**6. Do you provide interpreting services in all consultations with pregnant women?**

We provide interpreting services when required for consultations

**7. Are there any other services that you offer that is not listed above?**

Services provided to BAME staff in your trust

**1. Do you have BAME forum in your trust**

Yes. The BAME staff network

**2. Health and wellbeing sessions (diabetic; BP checks; Mental health)**

- All hospital staff have access to a 24/7 phone service on a range of issues. There are also a number of self-help workbooks for staff including alcohol, anxiety, bereavement, depression and low mood, sleeping problems and stress.
- Mental Health First Aiders – available to help support any staff member who may be experiencing a mental health crisis or requires a listening ear and support
- Peer 2 Peer – a listening service for staff, enabling staff to share and get support from colleagues in a confidential environment, whether it is work related or something else.

**3. Professional midwifery advocates (PMA) sessions for BAME staff**

PMA restorative clinical supervision sessions and support is provided for all staff. Staff have an opportunity to participate in group or individual sessions

**4. Are there any other services that you offer that is not listed above?**

N/A
