

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 23 June 2022.

I am pleased to confirm the following.

The process which the hospital follows for end-of-life equipment

Medical Devices Management Policy is followed, the responsible managers meet and agree on a replacement plan for each year and advice on the capital bidding list discussing with the divisional leads to reprioritise

The process by which the hospital decides that an equipment has reached its end of life

agreed as a Trust to replace 7 yearly however some equipment may be on a 5-year plan, or 10-year plan depending on the type of medical equipment and also will refer to the end of life letters received from each manufacturer on their product

Which companies the hospital works with in order to dispose of / sell off / repurpose... medical equipment

An auction company or OEMs which may provide a trade in offer

The past data which the hospital has on where equipment has gone

On the Asset database

The data on which medical equipment that the hospital has which is about to reach its end of life

Asset Database

The data on which medical equipment the hospital currently has, when it was sourced and where it was sourced from, at what price

Asset Database
