

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 09 March 2022.

I am pleased to confirm the following.

- 1. Which Hospitals use post-processing Cardiac MRI software? Please discriminate per hospital and department. To help you identify whether any Cardiac MRI software (MRI cardiovascular post-processing software) is in use, please see some examples below (please note this is not a comprehensive list) and note that Cardiac MRI Software is a software that allows dedicated cardiac visualization, analysis, and reporting:**

- **NeoSoft (SuiteHEART)**
- **Circle Cardiovascular Imaging (CVI42)**
- **Medviso (Segment CMR)**
- **ARTERYS (CardioAI)**
- **GE Healthcare (CardiacVX)**
- **Medis Medical Imaging (Medis Suite MR)**

We do not have any MR cardiac software analysis packages at the Trust as we do not currently offer an MR cardiac service at MKUH.
