

Request under Freedom of Information Act 2000

Thank you for your request for information which we received on 22 September 2022.

I am pleased to confirm the following.

The number of bronchial challenge tests performed by the trust, and at which sites within the Trust, during 2019 and 2021

We have suspended bronchial challenge tests due to COVID19. Policy is currently under review, and we expect to re-start the tests by the end of this year.

The chemical agent used for the test e.g. mannitol or methacholine

Mannitol

The providers or bronchial challenge testing on behalf of the trust, should this be a procedure that is referred elsewhere

N/A, this test will be provided by the Lung Function Unit, Respiratory Physiology team

The contact details of the sites/departments performing the tests?

lungfunctionunit@mkuh.nhs.uk
