

Date of Report: 03/01/2023

FOI - 7843 - Bone Procedures
Notes/Comments

The following date ranges have been used for each year:

1st January 2020 - 31st December 2020

1st January 2021 - 31st December 2021

1st January 2022 - 31st October 2022

Please be aware that inpatient clinical coding is complete up until and including the 31st October 2022, hence we cannot provide the number of procedures performed after this date and the date range used for 2022 is shorter.

Questions

		Year			Total
		2020	2021	2022	
1. Bone biopsy	<p>Provided is the number of inpatient procedures listed in OPCS procedure codes under 'Bone Biopsy' performed between the 1st January 2020 and the 31st October 2022.</p> <p>Please note if a patient had more than one procedure they will be included more than once in this number.</p>	4	9	8	21
2. Bone marrow biopsy	<p>Provided is the number of inpatient procedures listed in OPCS procedure codes under 'Bone Marrow Biopsy' performed between the 1st January 2020 and the 31st October 2022.</p> <p>Please note if a patient had more than one procedure they will be included more than once in this number.</p>	297	305	238	840
3. Microwave ablation of tumors of bones	<p>Provided is the number of inpatient procedures listed in OPCS procedure codes under 'Ablation of Tumours of Bones' performed between the 1st January 2020 and the 31st October 2022, where the following procedure code was also assigned to the inpatient:</p> <p>- Y137 : <i>Microwave destruction of lesion of organ NOC</i></p> <p>Please note if a patient had more than one procedure they will be included more than once in this number.</p>	0	0	0	0
4. Cryoablation ablation of tumors of bones	<p>Provided is the number of inpatient procedures listed in OPCS procedure codes under 'Ablation of Tumours of Bones' performed between the 1st January 2020 and the 31st October 2022, where the following procedure code was also assigned to the inpatient:</p> <p>- Y132 : <i>Cryotherapy to lesion of organ NOC</i></p> <p>Please note if a patient had more than one procedure they will be included more than once in this number.</p>	0	0	0	0
5. Radiofrequency ablation of spine	<p>Provided is the number of inpatient procedures listed in OPCS procedure codes under 'Radiofrequency Ablation of Spine' performed between the 1st January 2020 and the 31st October 2022.</p> <p>Please note if a patient had more than one procedure they will be included more than once in this number.</p>	75	103	64	242
6. Vertebroplasty	<p>Provided is the number of inpatient procedures listed in OPCS procedure codes under 'Vertebroplasty' performed between the 1st January 2020 and the 31st October 2022.</p> <p>Please note if a patient had more than one procedure they will be included more than once in this number.</p>	0	0	0	0
7. Kyphoplasty	<p>Provided is the number of inpatient procedures listed in OPCS procedure codes under 'Kyphoplasty' performed between the 1st January 2020 and the 31st October 2022.</p> <p>Please note if a patient had more than one procedure they will be included more than once in this number.</p>	0	0	0	0
8. Cementoplasty	<p>Provided is the number of inpatient procedures listed in OPCS procedure codes under 'Cementoplasty' performed between the 1st January 2020 and the 31st October 2022.</p> <p>Please note if a patient had more than one procedure they will be included more than once in this number.</p>	0	1	1	2

Bone Biopsy

W361 : Percutaneous needle biopsy of lesion of bone

W362 : Needle biopsy of lesion of bone NEC

W331 : Open biopsy of lesion of bone

V133 : Biopsy of lesion of bone of face

Bone Marrow Biopsy

W365 : Diagnostic extraction of bone marrow NEC

Ablation of Tumours of Bones

W091 : Excision of lesion of bone NEC

W092 : Curettage of lesion of bone and graft HFQ

W093 : Curettage of lesion of bone NEC

W094 : Destruction of lesion of bone NEC

W095 : Curettage of tumour of bone and graft HFQ

W096 : Curettage of tumour of bone NEC

W097 : Excision of tumour of bone

W098 : Other specified extirpation of lesion of bone

W099 : Unspecified extirpation of lesion of bone

Radiofrequency Ablation of Spine

V481 : Radiofrequency controlled thermal denervation of spinal facet joint of cervical vertebra

V483 : Radiofrequency controlled thermal denervation of spinal facet joint of thoracic vertebra

V485 : Radiofrequency controlled thermal denervation of spinal facet joint of lumbar vertebra

V487 : Radiofrequency controlled thermal denervation of spinal facet joint of vertebra NEC

A472 : Radiofrequency controlled thermal destruction of spinothalamic tract

A573 : Radiofrequency controlled thermal destruction of spinal nerve root

Vertebroplasty

V444 : Vertebroplasty of fracture of spine

Kyphoplasty

V445 : Balloon kyphoplasty of fracture of spine

Cementoplasty

W351 : Introduction of therapeutic substance into bone
