

## FOI - 7899 - Number of Patients Over 50 Giving Birth

Questions	Notes/Comments
<p><b>Please can you tell me the number of women who have given birth within your trust who are age 50 and above over the past 10 years (1 January 2013 - 23 January 2023).</b></p> <p><b>Please could this be broken down by month, year and include details of the age of the woman.</b></p>	<p>Included are number of deliveries between the calendar year 2013 and November 2023. The deliveries up to 18th May 2018 are identified by extracting all patients over 50 with a delivery date. The deliveries (from 19 May 2018) are identified using the 'Z37: Outcome of delivery' diagnosis code coded to their inpatient spell.</p> <p>Note: The data includes only patients that were coded with diagnosis codes and represents hospital deliveries. Clinical coding data is currently only available up until 30th November 2022. We have therefore provided data for 2022 up to 30th November 2022.</p>
