FOI - 283 - Pregnancy With Abortive Outcome

Questions	Notes/Comments	Response	
		Calendar Year	Unique Spells
<p>Please provide the total number of patients in which their treatment was coded as 'Pregnancy with abortive outcome' using one of the following ranges: O030-O39 Spontaneous abortion, O040-O049 Medical abortion, or O070-O079 Failed attempted abortion – I have included a full set of the required ICD-10 codes at the bottom of this request.</p> <p>For each individual code, as noted below, I would like the totals for each twelve-months period from 01 January 2017 to 31 December 2023. My preference is the totals in each calendar year, Jan-Dec, but understand if you are only able to provide this in your chosen financial years, e.g., April – March, in which case from 01 April 2016 to 31 March 2024.</p>	<p>Detailed below are the number of discharges from the 1st January 2017 to the 31st December 2023 where the patient had at least one of the ICD-10 codes in the ICD-10 Codes table below assigned to their spell.</p> <p>The data has been broken down by each specific ICD-10 code and the total number of times it has been recorded to a spell by calendar year.</p> <p>Please note some patients will have more than one of the codes supplied assigned to the same spell in which case each code has been counted.</p> <p>In the 'Response' column you will find the total number of unique spells has also been provided by calendar year.</p>	2017	294
