Request under Freedom of Information Act 2000

Thank you for your request for information which we received on Thursday 23rd May 2024. I am pleased to confirm the following.

I am a tissue viability nurse In Milton Keynes. I am completing an MSC and my current module is on lower limb ulceration.

A known risk associated with lower limb ulceration in the lower legs is cellulitis. Would it be possible to access any data you have around this?

Ideally, I would want to know how many admissions you had in the last 12 months for patients with cellulitis to the lower limbs.

Please see attached document.
