Request under Freedom of Information Act 2000

Thank you for your request for information which we received on Friday 23rd August 2024. I am pleased to confirm the following.

Please can you provide me with information on whether you have a viewing room available in your trust (at each hospital site where applicable) for bereaved relatives to see their loved one after death?

If you do not have a viewing room do you have any provisions/processes in place which enable people to visit their relatives after death e.g. following sudden/unexpected death where they can't be kept on the ward/place of death.

If you don't have a viewing room now, did you have one before the Covid 19 pandemic?

If the viewing room was lost during the pandemic, can you advise what that space was used for e.g. clinical space/offices etc?

If you do not have a viewing room in your trust, could you advise if there are any current plans to create one?

Milton Keynes University only has one site and yes, we have a viewing room as part of the Mortuary department.
